

PSYCHOLOGICAL TYPE INDICATOR (PTI) TRAINING SOLUTION

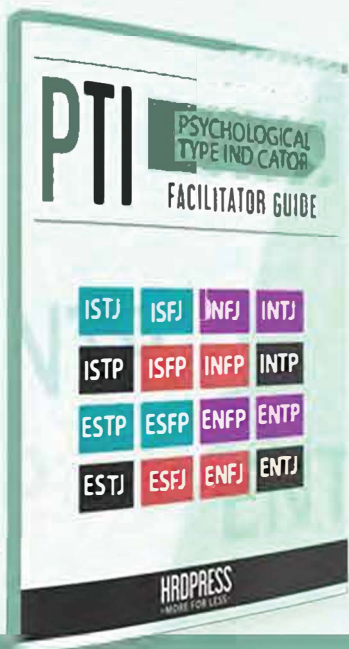

The PTI is a better way to teach and use Jungian personality types in the 16-Type framework used by Myers-Briggs ... Your certification will prepare you fully or use this simplified approach that doesn't require indoctrination into MBTI.

PTI is the best and fastest way to provide the deep level personality typing power of the 16 typing system.

Each person who completes PTI gets an 8-page executive summary of Type including, probable strengths and weaknesses, team roles, opportunities for growth and how to work better with others. This personality biography can time and again enable participants to overcome hurdles and challenges they have sensed but not seen clearly.

The PTI gives leaders and other staff critical self awareness, that points to strengths and challenges

Studies have shown over and over again how participative, emotionally intelligent leadership styles stimulate innovation and creates healthier team dynamics. No assessment goes deeper than the PTI but summarizes critical information this succinctly.
